

Charlie Bucket and the chocolate factory

# plot

The plot of the "chocolate factory" is centered on Charlie's family, a boy who lives in hardship, who for his birthday, will receive from the family a chocolate bar containing a winning ticket to participate in the guided tour of the famous chocolate factory which is near his home.

Together with him, four other children with very different characters and habits will win the contest, each of them will lose the opportunity to complete the visit. Some for selfishness, some to be spoiled, some to grab what is strictly necessary.

The winner in the end will be Charlie, who used to living in hardship will settle for of the little that is offered to him. Eventually Charlie will inherit the chocolate factory as a prize where he will move with the whole family, helping Willy Wonka in the creation of special sweets.
